Cindy:

I'm in Houston reviewing US Oil documents. If it's convenient I would like to review my findings on the General Notice letters with you. I'm receiving calls and want to make sure my responses are timely.

If you are available on Friday morning (Nov 11), I will change my return flight to go to Dallas in the early AM and leave later in the day for the East coast.

Please contact me on my cell # 603.674.0004
